Minor Degree Programs for Undergraduate Courses in Engineering & Technology

(From 2021-22)

At CVM University, we believe in creating critical and creative thinkers that transform into citizens devoted to service, education, and acceptance of the society. With this motivation, CVM University offers “Minor Degree Programs” along with regular engineering degree courses without any additional fees. These programs aim at enhancing the employability skills and imparting deep knowledge in emerging areas which are usually not being covered in undergraduate degree curriculum.
